

# Dear Secretary

**Thank you for renewing your organisation's affiliation with England Athletics. We enclose your 2017-18 Membership Certificate.**

England Athletics are very aware of and appreciate all the work done by a wide range of organisations who affiliate to us and we very much look forward to working with you again in the year ahead.

With more than 1290 affiliated clubs and around 400 other affiliated organisations, the needs of our sport can be diverse, but there is certainly a great deal of common ground and shared vision. We will once again be holding consultation with the sport in 2017 and details will be published in due course at [www.EnglandAthletics.org/consultation](http://www.EnglandAthletics.org/consultation).

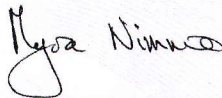

We would like to draw your attention once again to the UKA Rules for Competition which changed on 1st April 2016 and these included new rules relating to athlete registration for competitions. For guidance and information for you as an event providers, please see [www.EnglandAthletics.org/event-organisers-checks](http://www.EnglandAthletics.org/event-organisers-checks).

We would particularly like to highlight the benefit of using an entry system that checks registrations at point of entry, and the advantage in asking athletes for their URN (also referred to as a licence number or England Athletics number) in making checks or dealing with any queries on registration that arise after your event.

If you have any enquiries, please do not hesitate to contact Membership Services at [registration@EnglandAthletics.org](mailto:registration@EnglandAthletics.org) or 0121 347 6543. Further information can be found at [www.EnglandAthletics.org/affiliation](http://www.EnglandAthletics.org/affiliation).

We wish you and your organisation every success in the coming year.

Yours Sincerely

**MYRA NIMMO**  
Chair  
England Athletics
